Two RK Group companies receive approval under the PLI scheme of the Government of India

PLI Investor summit held on the 25th of November at the Taj Hotel in Delhi.
From left to right: Amit Khandelwal, DPIIT Additional Secretary Shri Anil Agrawal ji, Suresh Khandelwal and Abhimanyu Khandelwal

RK Group is a family owned and professionally managed business with roots spanning over half a century.

The story of RK Group began through the entrepreneurial drive of Shri Ramnivas Khandelwal who established the environment necessary for the formation of the group. He passed on his business acumen to his son, Suresh Khandelwal.

Suresh Khandelwal oversaw the expansion of the company from its modest operations to transform it into one of India's largest manufacturers of lighting fittings.

The family's third generation would soon follow in the footsteps of his grandfather and father. Amit Khandelwal joined the family business aged 16 and started running the business under the excellent tutelage of Suresh Khandelwal. He led the disruption in the lighting market with the advent of LED based lighting.

Through the relentless efforts of Suresh Khandelwal, Amit Khandelwal and our team, RK Group expanded to capitalize on this new technology and transformed the small family owned business into one of the world's largest LED products manufacturers. We are presently the largest manufacturer of LED battens in the world.

RK Group, which comprises R.K. Lighting Private Limited, Radhika Opto Electronics Private Limited are committed to investing more than 110 Crores in the white goods LED PLI scheme.

This added investment will significantly bolster our growth to help accomplish the mission of becoming the world's biggest LED products manufacturer by 2025.

Additionally, RK Group will soon diversify into the design and manufacturing of several high technology products such as mobile phones, smart switches, appliances, and other consumer electronics driven by advanced artificial intelligence.
